RECEIVING SDR COIN

Adding your SDR coin

Normally, our recommended wallet provider that is MetaMask will only display standard cryptocurrencies (e.g. Bitcoin, Ethereum, etc.) As SDR coin is not yet the most mainstream cryptocurrencies out there, you the user will need to add our coin onto your list so you know exactly how many SDR coins you own at any given time. Simply open your Metamask's PC/MAC extension or your mobile APP and scroll down to find the Add or Import Tokens button (version specific). This will bring you to a search bar, where you can find popular (standard) tokens easily.
